# Skip Tracing vs. Background Checks vs. People Search

| FEATURE | SKIP TRACING | BACKGROUND CHECKS | FREE PEOPLE SEARCH |
|---|---|---|---|
| **Purpose** | Locate current whereabouts | Investigate history | Basic contact lookup |
| **Data Focus** | Phone, address, email | Criminal, employment | Limited public data |
| **Accuracy** | 90-95% | 85-90% | 40-60% |
| **Speed** | Instant-30 minutes | 1-3 days | Instant |
| **Data Sources** | 40+ databases | Criminal records, courts | Public directories |
| **Compliance** | FCRA-regulated | FCRA-regulated | Minimal regulation |
| **Best For** | Finding people | Verifying history | Casual searches |
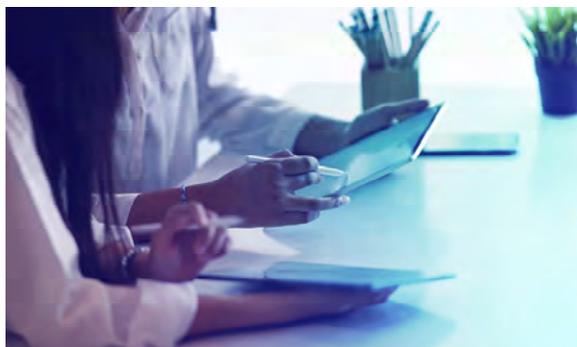

## Choose skip tracing when you need:

▸ **Current contact information for people who've moved**

▸ **Verified phone numbers and addresses**

▸ **Higher accuracy than free people search sites**

▸ **Batch processing for large lists**

▸ **FCRA-compliant professional searches**

▸ **Access to credit header and utility data**

# Our Skip Tracing Services

### Single Search

On-demand skip tracing for individual lookups with instant results. Perfect for occasional needs, urgent searches, and testing our platform.

**Includes:** Current phone numbers (mobile and landline), verified addresses, email contacts, social media profiles, relatives and associates, property ownership

### Batch Skip Tracing

Upload CSV files for automated processing of hundreds or thousands of records. Match confidence scores, processing status tracking, and downloadable results.

**Features:** Up to 10,000 records per batch, 25-minute processing (1,000 records), CSV format support, match confidence scoring, bulk download

### API Integration

RESTful API with JSON responses for direct integration into your CRM, custom applications, or workflow automation. Real-time results with comprehensive documentation.

**Capabilities:** Real-time search results, batch processing endpoints, webhook notifications, rate limiting controls, comprehensive API documentation, code examples in multiple languages

### White-Label Solutions

Rebrand our skip tracing platform for your agency or business. Custom branding, separate billing, dedicated support, and reseller pricing.

**Features:** Custom branding and domain, separate client portals, reseller pricing structure, dedicated account manager, priority support

### Expedited Processing

Priority processing for urgent searches with results in under 5 minutes for single searches and under 15 minutes for batches up to 500 records.

**Use Cases:** Time-sensitive legal service, hot real estate leads, urgent debt collection, immediate investigative needs

Helping clients move confidently through complex litigation with accuracy, reliability, and clarity every step of the way.
